- **Drilling to resume at Gidgee in the coming weeks.**
- **Next phase of drilling will test exciting new targets such as Julias and Kashmir.**

Gateway Mining Limited (ASX: GML) (**Gateway or Company**) is pleased to advise that it has successfully completed a capital raising of A\$6 million (before costs) (**Placement**) to institutional, professional and sophisticated investors to underpin the next major phase of drilling, exploration and resource growth at its flagship 100%-owned **Gidgee Gold Project** in Western Australia.

The placement was strongly supported by both existing shareholders and new investors, including the Company's major shareholder, Kerry Harmanis.

Gateway's Managing Director, Mr Mark Cossom, said:

"We are absolutely delighted with the exceptionally strong response to this important capital raising, which closed with bids well exceeding the \$6 million. We are also extremely grateful to our major shareholder Kerry Harmanis for his continued strong support of the Company.

"The proceeds will strengthen our treasury position to over \$9 million in cash and listed shares, putting us in an exceptionally strong position move through into 2022. Our aim is to build on the significant exploration success we have achieved over the past two years at Gidgee and maintain strong momentum moving forward. We expect to finalise and deliver a significant Mineral Resource upgrade in December. In parallel, we will resume drilling to test some of the exciting new targets we have announced recently, such as the Julias prospect, to build our growth pipeline for further resource growth into next year and beyond.

"With a strengthened balance sheet and clear vision for how we plan to move Gidgee to the next level as an emerging mid-tier gold asset, this is a very exciting time for Gateway."
