### Introduction

Gateway Mining Limited (ASX: GML) (**Gateway** or **Company**) is pleased to advise that it has received firm commitments for a share placement (**Placement**) to institutional, professional and sophisticated investors to raise \$22.5 million (before costs). The Placement underpins the next phase of exploration and drilling at Gateway's flagship Yandal Gold Project, and also for initial exploration at the Company's newly acquired Glenburgh South Project both in Western Australia.

Demand for the Placement was well in excess of the funds raised by the Company and was strongly supported by new shareholders as well as existing shareholders.

The Company's Directors and related parties of the Company have committed to \$1.675 million to the raising, subject to Shareholder approval.

### Management Comment

Gateway's Executive Chairman, Mr Andrew Bray, said: *"We are delighted with the exceptionally strong support shown for this \$22.5 million capital raising, both from our existing shareholders and new investors. The support we received is a strong endorsement of our strategy, and in particular the potential we see at our flagship Yandal Gold Project.*

*This outcome significantly strengthens Gateway's already strong balance sheet and positions the Company to aggressively advance our planned exploration and drilling programs. We will also commence initial work at our newly acquired Glenburgh South Project.*

*With large scale drilling programs already scheduled to commence in the coming weeks, we are fully funded to build on the exciting results delivered to date and to continue unlocking value across our high-quality portfolio."*
